

EDGERTON

(Too late for last week)
Lots of welcome rain fell here during the week making the outlook for a good crop very promising.
Dad Sawyer was a visitor to the city for medical advice.

Mrs. E. Evans, Mrs. D. Sawyer, Mrs. F. Darling representing St. Mary's W.A. and the Rev. W. Brooks attended the Deannery meeting at Vining on Tuesday 26th June.

The news of the death of Mr. Doug Stratton at Victoria was received here Tuesday. Fortunately Mr. and Mrs. Russ Stratton were there at the time and stayed for the funeral, returning to Edgerton Sunday night.

We regret to record the death of Mr. Thomas Roberts. He was taken ill on Wednesday and taken to the Wainwright Hospital by Mr. Darby. Mr. Roberts passed away Friday, June 28th. The funeral was arranged for Sunday.

Archie House was a city visitor

during the week.
Mrs. Moore of Edmonton has been visiting with her sister Mrs. Darby. The United Church held a meeting at the home of Mr. D. G. Welsh on Thursday and it was attended by the Reverends Gessen and Steele.

Mr. W. Russell is enjoying a visit from his sister from Ontario, visiting with Mrs. Alex Jackson.

Mrs. Jack Gerrie of Vancouver is visiting with Mrs. Alex Jackson.

St. Mary's Church services for Sunday, July 7th are Holy Communion at 10:30 a.m. and Evensong at 7:30 p.m.

Roy Evans left Tuesday for Edmonton and Lethbridge where he has gone to do some work in connection with the Department of Veterans Affairs.

Mrs. Florence Nichol wishes to thank her many friends for their kind going away remembrances. Howard and his family have gone to Wabamun.

PELICAN

(Too late for last week)

This has been a very eventful week beginning with the meeting of the Rainy U.F.W.A. and the Pelican A.F. No. 18 on Monday evening.

Mr. Pearson gave the final National Film Board show of the season. Thursday saw most of the ladies of the district off to the U.F.W.A. conference at Spencer and also the meeting of hospital ratepayers at Wainwright. Friday, of course, was a large day for all at the Farmer's Sports in Edgerton. The Saturday event was the meeting in Edgerton of the C.P.E. Co-Operative Livestock Shipping Association. To round the week out nicely we enjoyed a fine rain Saturday afternoon and evening.

The annual picnic at Pelican was held Sunday, June 30. A very large crowd enjoyed a full afternoon of sports and visiting, as well as a sumptuous dinner and supper.

Mrs. Miles from Edmonton is visiting at Murrays.

EDGERTON

(This Week)

Mr. and Mrs. Russ Stratton returned from the Coast where they had been for the funeral of the late Doug Stratton. They left again Friday for Victoria where they plan to make their home. A social evening was held in the Memorial Hall Thursday evening to wish them all well on their departure. The community and old timers presented Mrs. Stratton with a handsome silver inlaid bowl and a purse to both of them. Dicky was not forgotten and received a souvenir. The family, who have been here many years will be greatly missed and Mrs. Stratton in particular who was always ready and willing to do her full share in organizing any community social welfare enterprise and who was one of the executive of the local Red Cross branch. We wish them every happiness in their new surroundings.

Mr. and Mrs. L. Pedersen were week-end visitors with her parents at the Stratton home.

Mrs. Fred Ramsay returned from Edmonton where she had undergone an operation. The family are now at their cottage at Clear Lake.

The Wainwright Sports Day was marred by the sad accident, which happened to Ronny Fawcett's plane which crashed, instantly killing the pilot. The pilot, Mr. Vassar was quite well acquainted about here, making his death seem quite a personal loss.

Ten of the Edgerton School cadets left on the 26th for their annual camp at Kammanak.

Dud Sawyer left Tuesday for Edmonton where he has gone to have an operation on his hand.

Mrs. M. E. Clark has purchased the Stratton home.

Billy Skene has moved into his new house and Elgin Reid has moved into the house vacated by Billy.

B. Crane and family and Russ Kyle were visitors to the city.

Mrs. Russ Kyle and children are visiting at her home in Unity.

Rev. V. Cole and Mrs. Cole were visitors with her parents Mr. and Mrs. F. Mitchell.

Mrs. Mitchell returned with them to Manville for a day or two.

Edgerton ball team won first money at the Chauvin Sports.

Jim Strayer has been appointed grain buyer at the Searle Elevator.

Mr. Gordon King of Vancouver arrived Saturday. Drilling at the Edgerton Oil hole is getting to the interesting stage.

The Annual meeting of the Wainwright, Edgerton and Chauvin Farmers' Association will be held in the Memorial Hall Wednesday, July 17, at 3:00 p.m. They hoped there will be speakers concerning the holding of cattle auction sales. It is expected there will be a good attendance and an interesting meeting is looked for.

Over 400 lb. of used clothing was deposited from here for the National drive.

HEATH

A very good crowd was in attendance at the five-day convention of the Heath Gospel Mission. Visitors from many points enjoyed the Bible programs and music and meals served on the grounds by several cooks and helpers.

Mr. and Mrs. Geo. Davis and family of Edmonton are guests at the Mockford farm at Clear Lake for a holiday.

Mr. and Mrs. Arthur Patterson and family are enjoying a holiday at Wetaskiwin and Edmonton.

Miss Evelyn Ford, Jean Black and Lucille Touchette are attending classes at summer school in Edmonton.

Miss Myfanwy Jones spent a few days in Edmonton with her sister, Miss Anne Spornitz of Edgerton.

A guest at the home of Mr. and Mrs. Bill Spornitz.

Mr. and Mrs. Palmer of Saskatoon are guests at the home of Mr. and Mrs. Fred Ford.

Mrs. A. Pilon, Mrs. E. Pilon and Mr. and Mrs. Paul Pilon of Montreal are guests at the home of Mr. and Mrs. Joe Touchette. They will be 'At Home' on Saturday afternoon to welcome friends who wish to renew acquaintances with Cecile.

Mr. and Mrs. Leche and Mr. and Mrs. Stanislas Touchette were guests at a family dinner party at the Touchette home on Sunday to welcome their relatives from Montreal.

FABYAN

We understand Mr. Clark Steele sold his store to Mr. J. J. Sweeney of Edmonton.

Bob Tweedy was a tripper to Sedgewick over the week-end bringing his mother, who has been visiting there, home with him.

Mr. and Mrs. M. Roth and family accompanied by their two neices from Cleveland, Ohio, are taking in the Calgary Stampede.

Mr. and Mrs. Clark Steele and family are in Calgary this week for the Calgary Stampede.

Fabyan ball team won first at Gilt Edge picnic bringing home the prize money.

Precipitation to date 4.30 inches compared with 2.87 inches a year ago which gives good promise of a bumper crop this fall if current favorable weather continues.

Mr. Geo. Madder is enjoying a visit with his sister from Colorado who is here for a short vacation.

The Pytel family returned home last week from a holiday spent at Banff.

GREENSHIELDS

Mr. and Mrs. Ronald Morrison left for a motor trip to Calgary, Banff and Jasper.

Mr. and Mrs. Carlson of Dulwich, Sask. are visiting their daughter Mrs. F. F. Patterson.

Mrs. H. St. Barrett spent a few days in Edmonton attending the Martin-Haire wedding.

The Fossens have Mr. and Mrs. Reid and family of Rivercourse as week-end guests.

Mrs. E. Boyles and Annie are away visiting relatives in the Egmont district.

Mr. Lloyd Haynes motored to Calgary for the Stampede and expects to visit Banff and other points before returning home.

After spending a few days with her parents, Miss Doris White left for Edmonton to attend summer school.

Mr. and Mrs. Rufus Carl and baby left on Sunday for a motor trip to Manitoba and other eastern points.

Mr. and Mrs. P. F. Peterson and family accompanied by Mr. and Mrs. Carlson are vacationing at Cold Lake, Alberta.

Congratulations and best wishes for a happy married life are extended to Mr. and Mrs. Pat McInnes (nee Elsie Ford) and Mr. and Mrs. L. Benoit (nee Rita Lapierre) who were recently married.

Best wishes are also extended to Mr. and Mrs. Robt. Haywood who recently returned from their honeymoon.

Mr. and Mrs. R. Martin (nee Germaine Haire) of Edmonton accompanied by Mrs. Minnie Haire, are guests of Mr. and Mrs. Robt. Barnett.

Mrs. W. C. Jackson was a week-end visitor at Edmonton.

FARMERS ATTENTION

SODIUM CHLORATE (weed chemical) is now available for distribution, through the field supervisor, at cost price of 10c per lb.

Sodium Chlorate is a proven weed killer and anyone desirous of ridding their crop lands of noxious weeds are requested to get in touch with your field supervisor immediately.

10-7

Alberta Farmers Union

Mr. Missag, President of District 6 A.F.U. will address Public Meetings as follows:

Roscoe School—Monday, July 8th at 8:30 p.m.

Edgerton Legion Hall—Tuesday, July 9th at 8:00 p.m.

Heath School—Wednesday, July 10th at 8:30 p.m.

Wainwright I.O.O.F. Hall—Thursday, July 11th at 8:00 p.m.

Edna—Friday July 12th, 8:00 p.m.

Sunnyvale U.F.W.A.

The June meeting of Sunnyvale U.F.W.A. was held at the home of Mrs. Patterson, Heath. The president Mrs. Ford, was in the chair. There were twelve members present and the meeting was opened by singing "O Canada" and repeating the Farm Women's Creed. In answer to the roll call the members showed "Photos of our Youth." This proved to be most interesting. Mrs. Empeys thought for the month was "a good name is rather to be chosen than great riches."

Letters were read from Mr. D. C. Thornton re U.F.A. Camp; from Mr. George Church re Farmer's Holiday, draft constitution for the reorganized A.F.A. and delegation to British C.F.A.; from Mrs. Edna Torrie, Tofield re New Homes. The bulletin on "Social Welfare" was read and enjoyed by all. Mrs. Wm. Warlock reported on Conference plans and Mrs. Burnett and Mrs. Withnall volunteered to help with the program.

This Local has two new members, Mrs. Doug. Burnett and Mrs. Glen McAfee.

After the meeting a pleasant social hour was enjoyed over the tea cups.

CANNING SUGAR

The National Administration of the Wartime Prices and Trade Board has reminded householders that the second half of the 10 extra coupons for canning sugar are now valid. Coupons 8-17 to 8-21, inclusive, become available for the purchase of extra sugar July 4.

The two regular monthly sugar preserves coupons, 8-22 and 8-23 will be valid on July 18.

Going On Vacation?

CANADA'S PRICE CONTROLS

When we listen to the song made popular by Mart Kenny some few years back, "We're Proud of Canada" we are apt to become so wrapped up in the words that the thought holds little meaning for us.

Canada has done a wonderful job of price control all through the war years and to hold the price line during the last 12 months has been a rather difficult ordeal, but rather admirably done.

The present United States decision to lift the O.P.A. price control ceilings and consequent removal of government controlled prices are already having serious repercussions in many sections of that country. Less than 48 hours after the O.P.A. died rents were reported to have increased 100% to 300% with price of meats, vegetables and staple commodities rising at a rate that was proportionate. Some of the bigger stores were trying as they might to fight the inflation trend, hoping that the American government would take things into their hands and once again impose price control.

Listed below are some of the price increases that have taken effect since July 1st when the O.P.A. ceased to exist.

Flour at Minneapolis jumped from \$3.34 to \$4.80 per 100 lbs. Cattle at Chicago jumped from the price of \$18.00 per cwt. to the all time high of \$22.50 and then slid back to the level of \$22.25 when the receipts became heavy. Butter has risen from the O.P.A. price of 57¢ to the price of 94¢ and \$1.00 per pound. Meat which has always been considered high priced from the Canadian point of view has increased 20%. There are more and many price increases than what we have recorded, but the point is to show just how inflation gets a toe hold on the nation's pocket book and once started is quite a difficult matter to stop.

Just what this situation in the States will mean to Canada, is hard to say. The effect will be felt as much of our requirements are either made in the States or are controlled by the American cost structure. Mr. Haley has taken steps to combat this trend in Canada by placing the dollar on a par value with the American dollar. This step is somewhat late in coming, but never-the-less, now come, will in all probability reduce the price of certain articles for the time being.

Everyone has known that when a purchase of a car or tractor or any other like product is made, that a premium of 10% has been hidden in the retail price. This 10% deduction will, if it comes, likely be only a temporary measure as the rising prices will eat most or more of the reduction away.

Canada has done a magnificent job of controlling her prices, but as stated before, this has been done with the co-operation of the United States. Advocates of doing away with our price control policy may well heed the lesson to be learned from the States recent venture. Many an unscrupulous person will make a "clean-up" on these price control removals and the public as usual will pay the piper. Too much money and too few goods spell doom to a nation's economy unless some sort of a price control policy is enforced.

The Dominion Government should be commended for its present sane policy of price fixation, for on these price controls rest the immediate future of Canada's well being.

World Of Wheat

WOULD \$2.15 BE HARMFUL TO FARMERS?

Some persons are telling us that \$2.15 wheat, present world price, would be harmful to our farmers. We believe it is not.

The truth is that the price of wheat today has nothing to do with serious price declines that may occur later. Prices are made by world conditions. If conditions warrant a rise, price will rise. If conditions warrant a fall, price will fall, not only in wheat but all commodities.

All that happens when prices are fixed by Governments lower than the world market price is that farmers lose just that amount of money at that time, and they will never receive a higher price later to make up for the loss. The world today is paying \$2.15 a bushel for American wheat. Why should our prairie farmers, therefore, also receive this price from these same overseas purchasers?

ITEMS OF INTEREST IN THE WORLD OF FOODSTUFFS

Complaints of excessive moisture have been heard from many parts of Western and Southern Europe where new crops are ripening. Feed rations in the United Kingdom will be sharply reduced next winter in order to conserve protein and feed grain supplies—Total world production of the principal grain crops was about 15 percent lower in 1945 than during the five-year period 1935-39.

Rains have improved winter wheat in parts of the Ukraine—Brazil is reported to have a record corn surplus, which Broomhall estimates at about 25 to 30 million bushels—Excellent rains for seeding of wheat have been received in the Argentine.

The trouble with this country, is that there are too many people anxious to tell you what is the trouble with this country.

It's a Good Idea!

MAKE IT COME TRUE!

Store on "unless Alberta Main-street are planning future improvements. Treasury Branch services help these plans to come true. PIPE TOBACCO

Divide Bee Colonies During Honey Flow

For whatever reason a beekeeper decides on a division of a colony, it should be made during the main honey flow, not later than the last week in July, so that the new colonies may have ample time to become strong for the coming winter. Where honey production is of main importance, divide the colony but once, says C. B. Gooderham, Dominion Apiarist, Central Experimental Farm but where increase of colonies is the principal intention, the following methods may be used—

(1) At the beginning of the main honey flow when the colony has reached full strength, move all the brood to an upper super above a queen excluder, leaving the queen below on empty combs. If the queen has occupied two chambers, place all brood possible in the upper one, and confine the queen to the lower one. Nine days later split the brood in the supers into two frame nuclei, leaving one queen cell in each nucleus, or, better still, destroy all queen cells and introduce a young laying queen to each.

(2) As soon as the colony becomes strong at the beginning of the main flow, remove two combs of emerging brood with adhering bees, and one comb of honey. Place these in a new hive, fill up the drawn comb and introduce a laying queen. Replace the combs in the parent colony with empty drawn combs. This manipulation can be repeated four or five times during the honey flow.

Make the divisions in the evening and do not disturb them for at least seven days. Assist weak nuclei with brood from very strong colonies and keep them well supplied with feed. When the first brood is raised to the super, the beekeeper should rear a few queens when the divisions are made, using the super containing the brood for finishing the cells. In a former Apilary Reminder (No. 4 "Queen Rearing"), full details were given on rearing queens. To obtain a copy, write to the Dominion Apiarist, Central Experimental Farm, Ottawa, or to the nearest Dominion Experimental Farm.

ENVIRONMENT IMPORTANT

Health and happiness are influenced by environment as well as by genes. The Department of National Health points out that, while modern science pushes forward with research and education to the ultimate conquest of disease, everyone must enlist in the fight for better living conditions. Squalor, any the experts, like apathy, favors sickness.

Hints for the Household

HOW TO COOK WITHOUT COOKING THE COOK

This could easily be a \$64 question on a quiz programme. A homemaker with many years of cooking experience behind her could probably answer that question, but it might puzzle a bride.

No matter how hot it is, some people insist on having hot food, never thinking of course, about the person who has to slave in the kitchen. The time has yet to come when cooking may be done with light-rays and eliminate heat entirely on the hottest days, but there are a number of things that help reduce cooking discomforts in hot weather.

For instance, the number of burners used may be reduced to a minimum when a gas, electric or oil stove is used. In the case of a wood or coal stove, it is a little more complicated, but the menu can be so planned that the cooking for the whole day is done in the early part of the day, when it is still reasonably cool. The double boiler may be used to cook several foods at one time. The bottom part can cook vegetables while a dessert or a sauce is being cooked in the top part. If the oven has to be heated for one dish, it is a good idea to make it do at least double duty.

The home economists of the Consumer Section of the Dominion Department of Agriculture suggest the following recipes.

Veal Loaf

1/2 cup finely chopped onion.
2 tablespoons fat, melted.
2 lbs ground veal (shoulder or breast).
1 tablespoon vinegar.
1 egg or 2 egg yolks.
2 tablespoons milk.
1/2 teaspoon salt.
1/2 teaspoon pepper.
1/2 teaspoon thyme.
1/2 teaspoon sage.
1 tablespoon chopped parsley.
1/3 cup fine dry bread crumbs.
Saute onion in hot fat until tender. Combine with remaining ingredients and blend well. Shape into loaf and bake in a shallow pan, in a moderate oven, 350°F, for 1 hour. Six to eight servings.

Steamed Cherry Pudding

2 cups pitted cherries.
1/3 cup sugar.
1 cup sifted all-purpose flour.
2 teaspoons baking powder.
1/2 teaspoon salt.
2 tablespoons mild-flavoured fat.
1/2 cup milk.

Place pitted cherries into the greased top of a double-boiler. Add sugar. Mix and sift the dry ingredients, out in fat and add the milk. Spread the dough over the berries.

Set over boiling water, cover and steam 35 minutes. Turn out to serve. Six servings.

Fruit Crush

3 cups fruit (pitted cherries, strawberries, raspberries, red currants).
1/4 cup sugar.
1/2 teaspoon salt.
1 1/2 tablespoons gelatine.
1/2 cup cold water.

Crush fruit and add sugar and salt. Bring slowly to a boil. Add gelatine that has been dissolved in cold water. Stir into fruit mixture. Chill until firm. Serve with custard sauce. Six servings.

NOTE: With very sour cherries and red currants, increase sugar to 1/3 cup.

AN "ORAX" ENTREE

The proper type of main dish, with plenty of whole-grain food value and a pleasing combination of tasty foods is something that is almost a "must" in these days of continuing food shortages. The following recipe is for just this type of "orax" entree.

Glazed Ham Patties

1 pound ground smoked ham; 1 cup raisin bran; 1/4 teaspoon salt; dash of pepper; dash of thyme; 2 tablespoons finely chopped onion; 1 1/4 cups milk.

1/2 cup brown sugar, firmly packed; 1/2 cup corn syrup; 2 tablespoons vinegar; 1 teaspoon dry mustard.

Combine ham, pork, raisin bran, salt, pepper, thyme, onion, and milk. Roll into balls and place in custard cups or large muffin pans. Bake in moderate oven (350°F) 20 minutes. Mix together in saucepan brown sugar, syrup, vinegar and mustard. Bring to a boil and boil 1 minute. Pour 1 tablespoon of mixture over each patty and bake 20 minutes longer. Serve with remaining sauce. Makes 12 patties.

*For extra richness, use 1 1/4 cups undiluted evaporated milk.

SPARE THE KNIFE

"Pare less and spare more", say nutrition experts at Ottawa, where the Department of National Health and Welfare reminds Canadians that it is wasteful to peel vegetables. Not only does it mean loss of food, but of actual food values. When millions are reported to be starving abroad, health authorities feel the time opportunity to point out that vegetables give better food values if cooked unpeeled.

Whoever held the key to peace seems to have dropped it down a manhole.

The fruit of human kindness is never out of season.

Searle Precipitation Report No. 10

Records up to and including June 24. Despite the rains which fell over the past week-end, there has been a very slight decline in the general moisture condition of the three Prairie Provinces. The total moisture condition now stands at 83% of normal, compared with 88% a week ago and 89% at this time a year ago. The moisture condition for Alberta now stands at 87% of normal, compared with 95% last week and 77% a year ago. For Saskatchewan the condition now stands at 79% of normal, compared with 81% last week and 82% a year ago. For Manitoba the condition is now 84% of normal, compared with 84% a week ago and 109% at this time a year ago.

In Alberta Crop Districts 2, 6, 7, 8, 9, 10 and 12 are normal. Crop District No. 13 is considerably better than normal, all other Crop Districts being somewhat below normal. In Saskatchewan Crop District No. 9 is normal, all other Crop Districts being still somewhat below normal. In Manitoba Crop District No. 5 is considerably below normal, all other Crop Districts being still somewhat below normal.

125,000 A.M.A. ROAD MAPS ARE ISSUED

More than 125,000 "strip" or sectional road maps are being made available to motorists in this province by the Alberta Motor Association. These maps are stocked at all official appointments of the A.M.A., including garages and filling stations, hotels, lake resorts, auto camps, in addition to branches of the A.M.A. in Edmonton, Calgary and Lethbridge. The list includes 14,000 sectional maps of the Peace River highways which are being distributed. These will be of special interest to those who are planning northern trips this year, with the possibility of looking over territory in the region of the Alaska highway.

Civilian holiday travel has not yet been authorized over the Alaska highway and it seems that this will not commence until 1947. Permits to drive over the road must be obtained from the traffic control board in Edmonton.

Certain travel over the road is permitted but this in most cases is confined to people who intend to settle in the north country.

NEWS & VIEWS OF TOWN AND DISTRICT

BORN—To Mr. and Mrs. A. Rodgers of Wainwright at the Wainwright municipal hospital on July 8th, a girl.

Mr. and Mrs. R. Greer are enjoying a holiday at Calgary and Banff.

Three more Wainwright boys are expecting their brides to arrive here from overseas this week. These include, Mrs. R. Burns, Mrs. R. Michon and Mrs. R. Wear. We extend a cordial welcome to these new comers.

Mrs. L. Stott is away on her annual holiday; she is visiting with friends in Vancouver and Victoria before returning to her duties at Patterson's store.

Mr. and Mrs. Earl Liasmore and son are enjoying a vacation at the coast.

Rev. and Mrs. A. D. Richard who were here from Edmonton for the dedication service at the United church Sunday, spent a few days in town visiting with friends and renewing acquaintances.

Mrs. Creighton has as her guest her daughter Mrs. Ralph Riebel and two children from Miami, Florida.

Mr. and Mrs. H. Stewart are enjoying their annual holiday at the coast.

Mrs. Fred Aykroyd left on Monday last to visit with friends at Trail, B.C., before continuing to the coast where she will make her home for the present.

We note Mr. Chas. Wear is building an addition to his home and making various improvements to his property.

Mrs. C. Zulger is here from Portland, Ore. for a visit with her sister Mrs. Stan Ryan in town.

Mrs. Muriel Wilkham of Edmonton is visiting in town with her parents Mr. and Mrs. Chas. Wilkham.

Mrs. H. Pawling left on Wednesday of last week for an extended visit with relatives and friends in Eastern Canada.

Mrs. H. MacDonald returned on Wednesday just after a pleasant holiday spent in Windsor visiting with her son Leonard, also her brother and family Mr. and Mrs. Eld Hickey.

Mr. and Mrs. Goodells and family of Edmonton have moved into the Mackay house on 5th Ave. West which they recently purchased.

DEPARTMENTAL STORE
Visit Our Grocery Department

Mrs. Arthur Babb and children arrived last week from Black Diamond to visit her mother Mrs. Trethby and other relatives here.

Lieut. J. A. Smith, arrived home on Sunday night after several years spent overseas with the Canadian army.

A rhubarb stock complete with leaf was brought in to the Star office last week and we were hardly able to distinguish it from a Florida Palm tree. The stock and leaf measured 48 1/2 inches over all, with a 28 inch stock. The leaf was 24 1/2 inches across at the widest part. The Junior was found by Mr. Dahl, the Pacific elevator agent, at Heath while on an inspection trip south of that locality.

Sidney MacDonald was away last week enjoying a holiday at Ryley and Edmonton.

Parents are reminded of the Child Welfare Clinic to be held in the I.O.O.F. hall on Thursday, July 18th. See advt. on page 6.

Mr. Ben Rasch returned last week from Winnipeg and will be busy buying cattle in the district again.

Mr. and Mrs. Thos. Liasmore returned last week after a holiday spent at the coast.

Mrs. A. Jorde has as her guest her mother who is here for a short visit.

Mr. Frank Muller left on Saturday's train to spend a holiday visiting in Vancouver and with Mr. and Mrs. Len Minter in Victoria.

Miss Bessie Bowerman entertained a few of Mrs. Bowerman's older friends at a tea on Friday afternoon in honor of that ladies birthday.

Miss Margaret Coleman of Edmonton is enjoying a holiday with her parents in town.

Mr. and Mrs. Henry Ward Sr., accompanied by Mrs. Henry Ward Jr., left on Thursday for a holiday at the coast.

TURN TO VEGETABLES

Canadians don't eat enough vegetables, according to food experts. Authorities of the Nutrition Division, Department of National Health and Welfare, Ottawa, advise, the production and use of more vegetables since this would not only be beneficial to health, but would release such staples as wheat to help feed those in lands less fortunately situated as regards food supply.

DIET CHARTS

Spring fever tactics women two ways. First, it urges them into housecleaning and when they've finished papering, painting, airing the bed clothes, washing windows and blankets and putting up new curtains, they're all set for the next stage.

That's the diet charts. New spring clothes in shop windows usually start the ball rolling so they get down to brass tacks with the latest thing in hips, hips, away and proceed to get punch drunk on dry toast, poached eggs, and coffee without sugar and cream.

They begin so bravely. First morning breakfast, they follow the rules to a T. Lunch the same, dinner (they're beginning to feel sort of hollow by now) so dinner isn't a cheerful meal.

But a look in the glass renews their determination to get down to a size 12 and they grimly tackle the second day with a glint in their eyes that would remind you of a broncho.

The third day they begin to slide, working around the kitchen they take a nibble of cheese, a spoon of cream soup, another slice of buttered toast, and cream in their coffee.

The fourth day they meet a friend down town for lunch and they shoot the works, eat right through from soup to chocolate éclair. The next day they decide to give their last years suit to the clothing drive and go happily out and buy themselves a snappy number two sizes larger than they ever wore in their lives.

This is in CANADA. In Europe this year spring fever is a horse of another color. The women over there are not trying to reduce, they're skin and bones already, their main concern is to try and get enough bread—just plain dry bread, to keep their lives.

The woman in Europe isn't going to buy a new spring outfit either; America. If she's lucky, very lucky indeed, she'll maybe get a coat or suit or something to make over for her children.

Her housecleaning won't take long either. Her house was cleaned out years ago by the Germans, warm hand-woven blankets, curtains, table linen, carpets, were all loaded on trucks and taken as "loot."

Saving bread is urged by 45 women's organizations in Canada. Why? Because BREAD has more food value than any cereal on earth, that's what makes it so valuable. For second logical reasons bread has been called the "staff of life."

Herbert Morrison, Lord President of the Council in the British Cabinet says that we are losing the battle against FAMINE. There are no diet charts in Europe. They don't need them. They just need BREAD.

HOW THE WORLD MOVES ON

The world today cannot move on
while it shuttles back and forth be-
tween a myriad of false alternatives.
At home, it seems, you must either
"spank or spoil your children". You
must either "grin and bear it" or
be yourself to the divorce court. In
industry, labor must either take
strike action or no action. Manage-
ment must either put labor in its
place or lose its own place. Politically
you must either be left or right—
communist or fascist—while, in
world affairs, you must either hold
the edge of power or take it in the
neck.

Some men and nations, liking
neither extremes, try the middle
course of compromise. And get no-
where fast. But a few are learning a
better way—a third alternative. That
way is CHANGE.

Take the child you are tempted to
spank or spoil. Instead of doing
either, try—change. Try behaving
differently yourself and you will
find the child behaving differently.
Learn to say "No" to yourself more
frequently and you won't have to say
"No" so often to the children. They
follow what you do, not what you
say.

And, if you are the family martyr
who always has to "grin and bear it",
you may get the other members of
the family to grin if you admit that
you're the bear. In industry both men
and management can look to see
where they are wrong instead of
where they have been wronged. The
politician can become a statesman
curing human bitterness instead of
using it. World statesmen too can
change. It is when we change to
something better than we were—not
when we stand out for extremes or
fall for compromise—that deadlocks
are broken and the world moves on.

CANNED TOMATOES

The Wartime Prices and Trade
Board has announced that canners of
tomatoes and tomato juice will be
required to hold a part of their 1946
pack for essential purposes.

Effective July 2, tomato and
tomato juice canners whose 1946
pack amounted to more than 10,000
cases of tomatoes, or more than
20,000 cases of tomato juice, must
retain 15 percent of their total 1946
pack of canned tomatoes and canned
tomato juice for allocation by the
Board to priority users.

WAINWRIGHT SCHOOL DIVISION CHILD WELFARE CLINIC

A baby and pre-school clinic will be held in
the I.O.O.F. Hall on

Thursday, July 18th

from 10:00 to 5:00 p.m.

THIS IS A FREE PUBLIC SERVICE

Children will be weighed and checked for defects and
immunizations will be done for Whooping Cough and
Diphtheria, also Scarlet Fever and Smallpox.

(30-1) **MISS ALETHA KNUDSON**
Public Health Nurse.

HAIL INSURANCE

WHY?

Those crops of yours represent a year's investments of the lives of you
and your family. They are the result of an outlay of money and of your
own hard work. The vagaries of hail can destroy them and your labour and
money will go for nothing unless you have protected yourself with Hail
Insurance.

You look to those crops to carry you one year nearer to financial inde-
pendence and a life less heavy with work and worry. One year of Hail can
set back that objective and the continuance of hail strikes down your hopes
almost entirely unless you have had the foresight to keep insured against
this catastrophe.

The cost measured in terms of an average crop is small and is no excuse
for being without the protection. If your crop yield is a bushel less than
you had anticipated you think nothing of it, yet you can get a lot of Hail
Insurance for a bushel or less of grain.

WHERE?

Insure with your own Co-operative Hail Insurance Board which gives
you greater protection for a longer period than will any other Hail In-
surance organization. Buy a policy with these necessary features:

1. An allowance of 100% whenever the Hail damage is more than 85%
(about 20% of crops damaged by hail are in this class).
2. Protection to October 1st—usual date of termination is noon Septem-
ber 15th, when if your crop is still standing the hazard is greatest and
very little hail will shut it badly.
3. Premium payable \$5.00 with application and the balance in the Fall.
4. A reduction in premium if you pay cash with your application and are
not halted. (The Board refunded 5% of the premium in 1946 and will
pay this much or more in 1946).
5. Backed by sufficient finances to provide for payment in full of all
claims for hail damage.

All this is provided for under our Standard Plan of Insurance. For those
who want more protection than is available under this plan the Board pro-
vides a Pro Rate plan which gives the first two advantages listed above,
but under which the amount paid out for losses is dependent upon the amount
of the premiums. By using both plans of insurance a policy holder may
obtain protection of from \$10.00 to \$15.00 per acre.

Insure your crops with the ALBERTA-HAIL INSURANCE BOARD and
relieve yourself from worrying about your crops every time a dark cloud
appears on the horizon.

For further particulars contact your local agent.

PROPHCY

(Written about 1550)

Carriages without horses shall go;
And accidents fill the world with woe.
Around the world thoughts shall fly
In the twink of an eye.
The world upside down shall be
And gold be found at root of tree.
Through hills men shall ride,
With no horse or ass at their side.
Under water men shall walk,
Shall ride, shall sleep, shall talk.
In the air men shall be seen
In white, in black, in green
Iron in the water shall float
As easily as a wooden boat.
Three times shall lovely France
Be led to play a bloody dance.

—Recorder.

Wainwright

Bacon - 25c lb.

The Frozen Food Locker Plant per-
mits many other services. Meat smok-
ing is one service. It is claimed by a re-
liable source that the Brooks, Alberta,
Locker Plant will butcher a hog, cut
it up, cure and smoke it and wrap it in
preparation for storing in your locker
for only 7c per lb.

Packing plants pay you 18c per lb.
dressed weight for your hog. In other
words your bacon and other pork pro-
ducts cured and stored in your Co-Op
Locker Plant would cost you 25c per
lb. more or less.

TOWN HOUSEHOLDERS could
buy a dressed hog weighing 150 lbs.,
costing 18c per lb. and take advantage
of the above.

What do you pay for bacon and pork
products today?
